GUGLIELMI

MADE IN ITALY

UN'AZIENDA, UNA FAMIGLIA

A company, a family

Dal 1954, realizziamo collezioni per ambiente BAGNO, DOCCIA, CUCINA e OUTDOOR.

Design, innovazione e tecnologia unite a sperimentazione continua sono i valori in cui crediamo.

Materie prime di ALTA QUALITÀ e processi di ricerca avanzati ci permettono di offrire soluzioni all'avanguardia caratterizzate dall'ESCLUSIVITÀ del DESIGN ITALIANO.

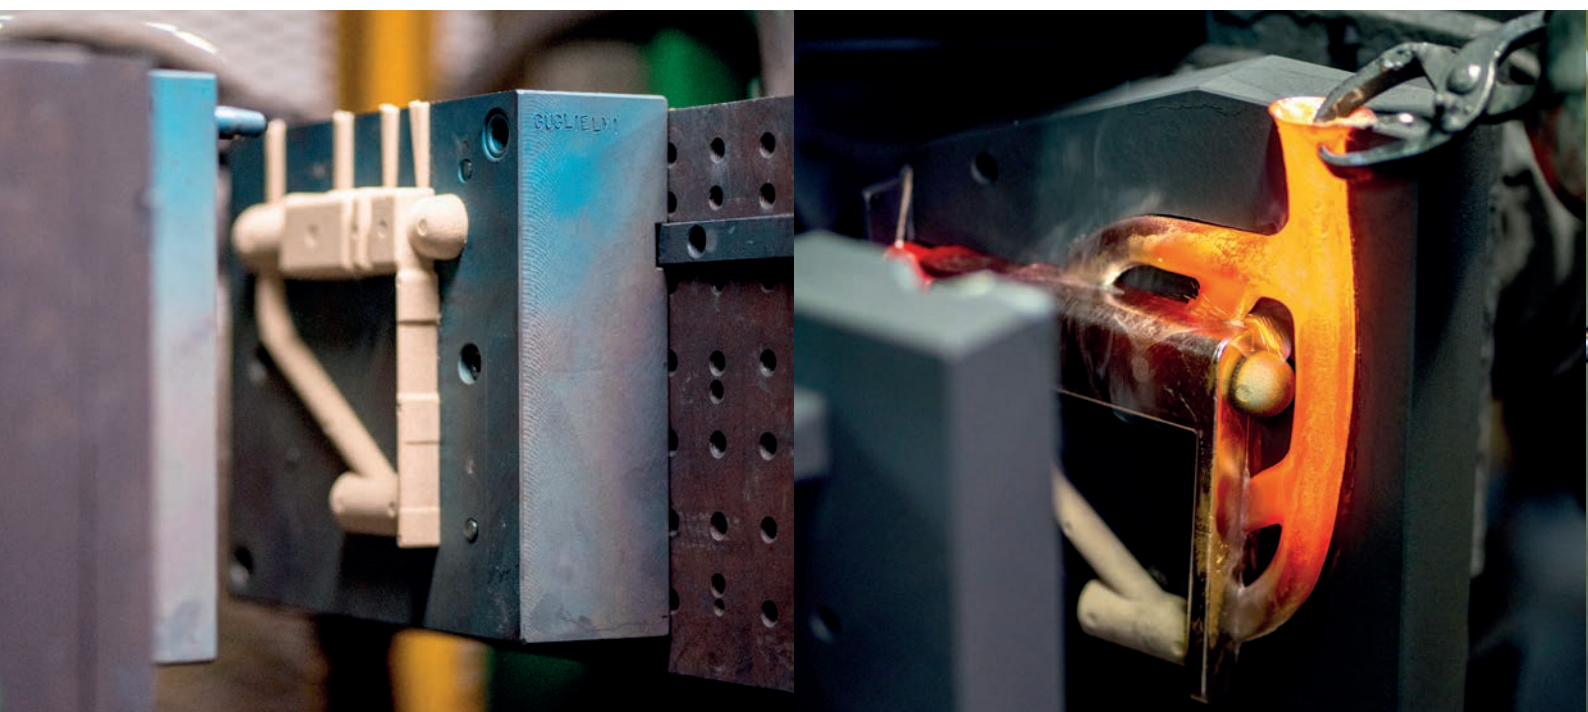

Since 1954, we have been creating collections for BATHROOM, SHOWER, KITCHEN and OUTDOOR ambiances.

Design, innovation and technology combined with continuous experimentation are the values we believe in.

HIGH QUALITY raw materials and advanced research processes allow us to offer cutting-edge solutions characterised by the EXCLUSIVITY of ITALIAN DESIGN.

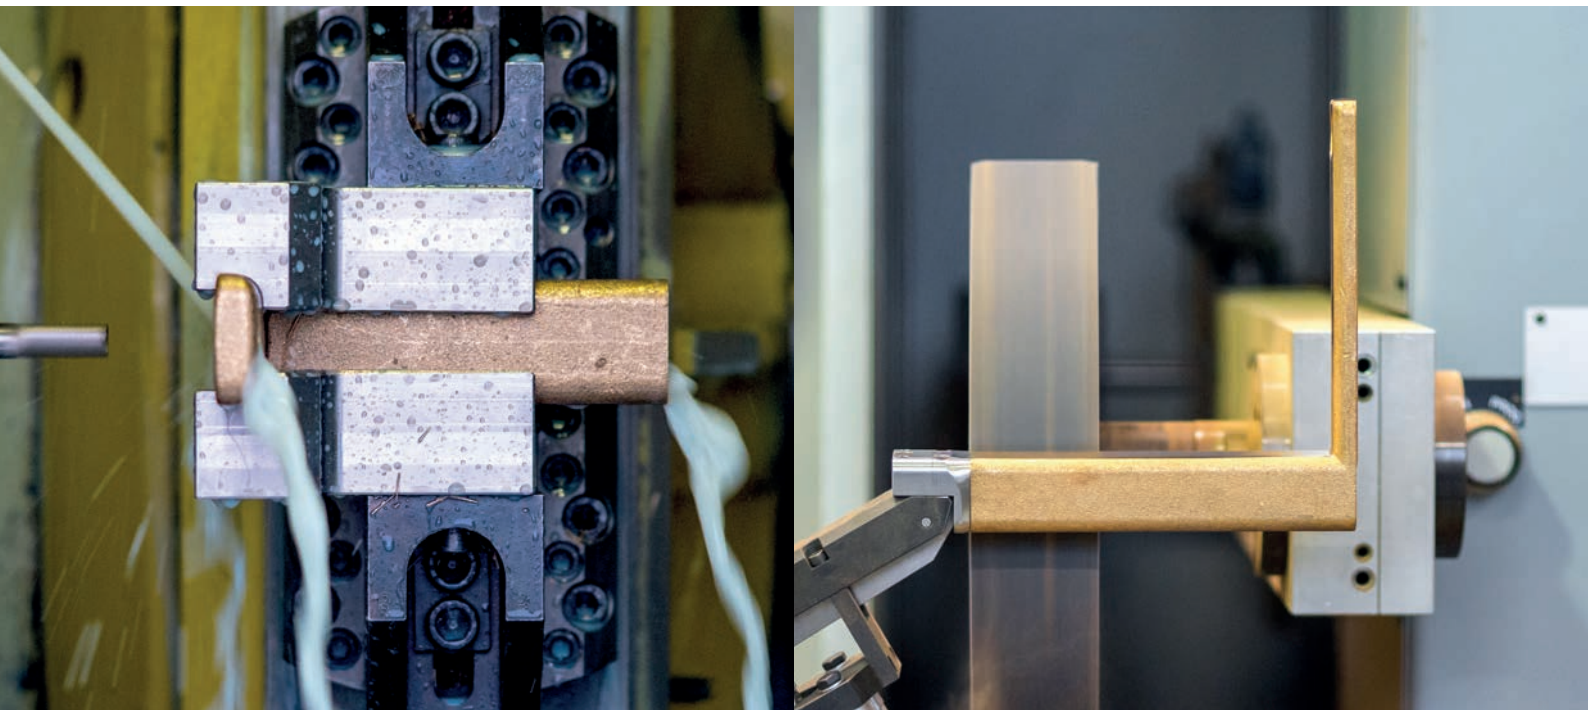

PROCESSI PRODUTTIVI

Production processes

Processi produttivi finemente elaborati. Prodotti unici, pensati e realizzati in Italia.
NIENTE DI PIÙ DI UN'OPERA D'ARTE.

Finely crafted production processes. Unique products, designed and made in Italy.
NOTHING MORE THAN A WORK OF ART.

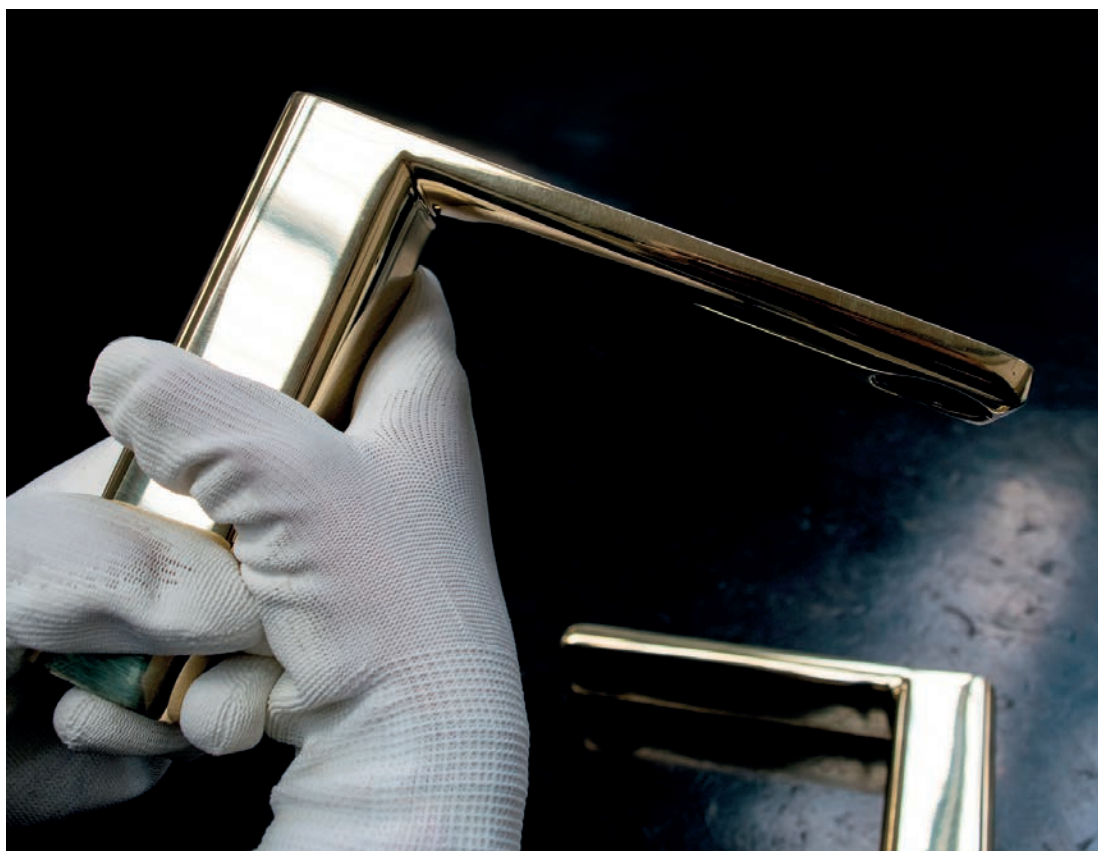

VISUALIZZA IL VIDEO DEI NOSTRI PROCESSI PRODUTTIVI
WATCH THE VIDEO OF OUR PRODUCTION PROCESSES

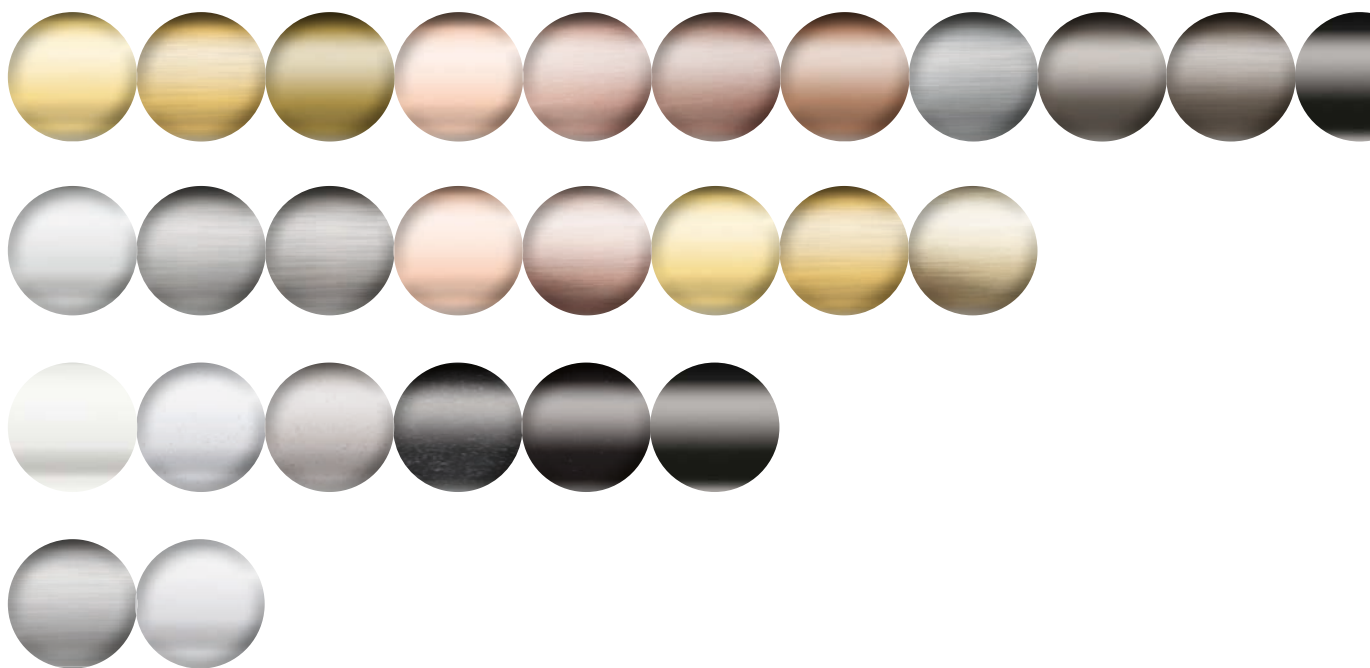

MADE IN ITALY

Molto più dell'origine di un prodotto. Realizzato in Italia per noi è sinonimo di QUALITÀ, ESPERIENZA e TECNOLOGIA sviluppate negli anni grazie alla passione per il nostro lavoro, con l'obiettivo di offrire al mondo prodotti di alto livello in grado di comunicare FUNZIONALITÀ e GUSTO ESTETICO.

Much more than the origin of a product. Made in Italy for us is synonymous with QUALITY, EXPERIENCE and TECHNOLOGY developed over the years thanks to the passion for our work, with the aim of offering the world high-level products that can communicate FUNCTIONALITY and AESTHETIC TASTE.

FINITURE Finishes

Un arcobaleno di finiture che apre le porte ad innumerevoli PERSONALIZZAZIONI. Il metallo cambia veste e diventa un materiale volubile nelle nostre mani.

Ogni finitura racconta un differente processo di lavorazione in grado di rendere ESCLUSIVO ognuno dei nostri prodotti. Veri e propri oggetti di valore in grado di soddisfare i gusti più raffinati e garantire una QUALITÀ DURATURA.

A rainbow of finishes that opens the doors to countless CUSTOMIZATIONS. Metal changes appearance and becomes a fickle material in our hands. Each finish tells of a different manufacturing process that makes each of our products EXCLUSIVE. Real objects of value that can satisfy the most refined tastes and guarantee LASTING QUALITY.

UNICO E PERSONALIZZABILE

Unique and Customizable

GZERO si rinnova e introduce nuovi abbinamenti di colore per le finiture del corpo, a cui abbinare le eleganti cover realizzate a mano che lo trasformano in un elemento d'arredo sofisticato.

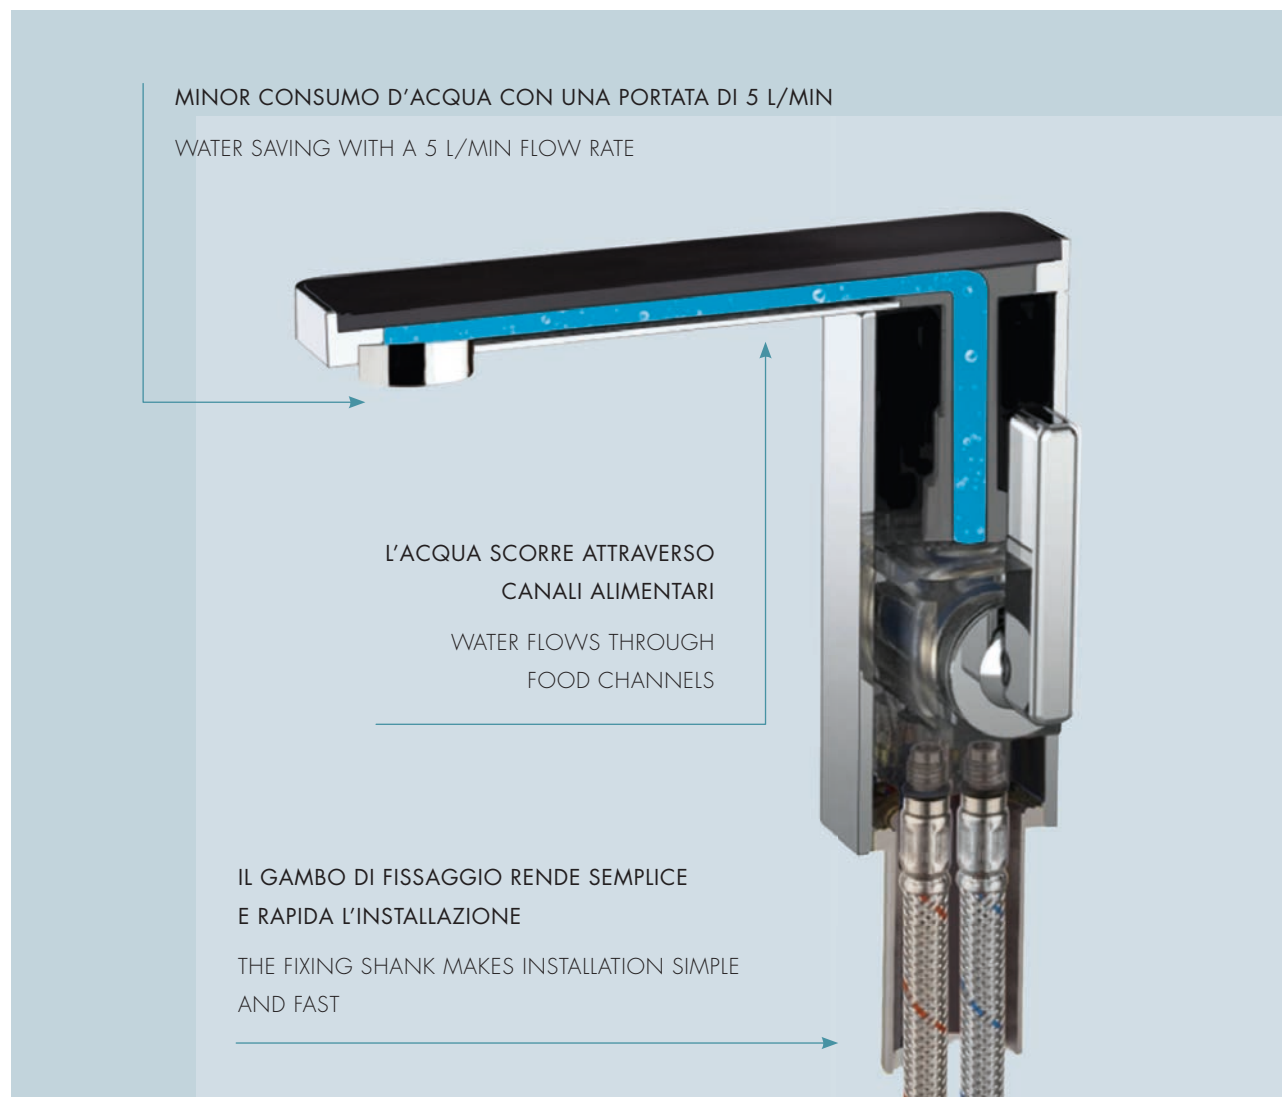

GZERO gets a makeover and introduces new colour combinations for the body finishes to match the elegant, handmade covers that turn it into a sophisticated piece of furniture.

SALUTE E AMBIENTE

Health and Environment

Ogni particolare è curato nel dettaglio come il comando integrato nel corpo, esteticamente più compatto con movimento morbido e fluido. L'acqua scorre attraverso canali alimentari e non entra mai in contatto con il metallo. Un altro importante dettaglio è il minor consumo, infatti GZERO ha una portata di 5 litri/min.

Every detail is carefully treated like the control integrated in the body: aesthetically more compact, with soft and fluid movement. Water flows through food channels, therefore it is never in contact with metal. Another important detail is the reduced consumption, in fact GZERO has a flow rate of 5 litres/min.

SPRINT COLOR®

Scegli la tua maniglia personalizzata
Choose your custom handle

La collezione SPRINT COLOR indossa un comando dove la lavorazione è l'elemento chiave della composizione.

Finiture opache e lucide del corpo del rubinetto giocano con il rivestimento del comando, creando isole cromatiche per consentire la massima personalizzazione di composizioni da accostare ad ambienti bagno.

SPRINT COLOR collection wears a command where the workmanship is the key element of the composition.

Matt and polished finishes of the faucet body play with the control coating, creating chromatic isles to enable the maximum customization to be combined with bathroom ambiances.

FINITURE

Finishes

SPRINT COLOR è disponibile in 6 diverse finiture del CORPO:

– Cromo, Bronzo Scuro, Oro Spazzolato, Bianco Opaco, Nero Opaco e PVD Nichel Nero.

La MANIGLIA, con lo stesso colore del corpo, è disponibile in 4 diverse finiture:

– Liscia, Linee Incrociate, Linee Oblique e Linee Parallele.

Può inoltre essere scelta in 4 diversi materiali:

– Marmo Bianco di Carrara, Marmo Nero Marquinia, Corian Cosmos e Legno Iroko.

SPRINT COLOR is available in 4 different body finishes:

– Chrome, Dark Bronze, Brushed Gold, Matt White, Matt Black and PVD Black Nickel.

The HANDLE, in the same colour as the body, is available in 4 different finishes:

– Smooth, Cross Lines, Oblique Lines and Parallel Lines.

It can also be chosen in 4 different materials:

– Carrara White Marble, Marquinia Black Marble, Cosmos Corian and Iroko Wood.

Forme e quotidianità si uniscono. Per un ambiente bagno da vivere.

Shapes and everyday life come together. For a bathroom environment to live in.

JOLLY BOX®

SISTEMA INCASSO UNIVERSALE UNIVERSAL BUILT-IN SYSTEM

JOLLY BOX è il corpo incasso universale per tutte le soluzioni vasca-doccia GUGLIELMI.

La parte esterna, composta da piastra e miscelatore, può essere scelta anche in un secondo momento, dopo il rivestimento del bagno.

VANTAGGI

- ✓ contiene un innovativo sistema ANTIRUMORE e ANTIUMIDITÀ;
- ✓ contiene FILTRI ispezionabili essenziali per TRATTENERE le IMPURITÀ dell'acqua. Chiusura in entrata di acqua calda e fredda;
- ✓ collegamenti di ingresso semplificati per una RAPIDA installazione;
- ✓ realizzato secondo le norme europee vigenti, prodotto interamente in ITALIA e sottoposto a costanti controlli di QUALITÀ.

JOLLY BOX is the universal built-in part for all GUGLIELMI bath-shower solutions.

The external part, consisting of plate and mixer, can also be chosen at a later stage, after the bathroom tiling.

ADVANTAGES

- ✓ contains an innovative system preventing from NOISE and MOISTURE;
- ✓ contains FILTERS that can be inspected, essential to RETAIN water IMPURITIES. Hot and cold water inlet closure.
- ✓ simplified input connections for QUICK installation;
- ✓ produced entirely in ITALY and subjected to constant QUALITY controls according to the European regulations.
